We invite you to join us for a workshop in Port Hope Simpson with other community leaders and Memorial University.

It will be an opportunity to share your work, challenges and ideas with other municipal representatives, non-profit groups, small businesses, government agencies and community volunteers. It will also be a chance to discover new opportunities for collaborations in the region.

The three major themes to be discussed are:

- Business/Entrepreneurial Development
- Industrial Development Planning
- Tourism

Workshop registration is free and meals during the workshop are provided by the Harris Centre. Participants are responsible for their own transportation, accommodation and per diems costs. Please contact your local Regional Economic Development Board for information about possible travel subsidies for local participants.

There will be a Memorial Presents public policy forum on Friday, Nov. 4 at 7pm at Bayside Academy. The event is open to the public and the topic will be Regional Collaboration. You are welcome to join us!
